

# Preparing Your Home for Listing

CONCINNATE  
HARMONY BY DESIGN

## Things to Remember:

- \* Remove Personal Photos
- \* Clarify and/or Pair Down Art & Decor
- \* Kitchen Counters Free & Clear
- \* You May Need to Have Your Home Professionally Painted
- \* Air Out Your Home
- \* It is Helpful to Have Your Home Professionally Cleaned

## CONCINNATE

CONCINNATE is a full service interior design and life design company, empowering clients through design. Design is a function of intention. Taking a moment to consider intention, we can more easily align all of our actions to that intention, making next steps clearer.

When it comes to selling your house, remembering that you are preparing your current home for someone else to imagine as their home is a critical aspect of all that goes into listing and maximizing your homes market value.
